LEVO stands for a better quality of life

LEVO.of
THE EXPERTS IN STANDING

At eye level with life

This is LEVO: The touch of a switch elevates you to a safe, comfortable standing position to interact with your active life. At work, in school or at home, LEVO standing wheelchairs offer exactly what you need: Independence, Mobility, Support, Health and Quality. Each wheelchair is designed with the experience of more than 30 years of research, development and client response. LEVO is proud to offer wheelchairs that combine seating and standing positions matched to your unique biomechanical dynamics with superior manoeuvrability, size, weight, aesthetics and adjustability. All models are reviewed and certified by internationally approved testing institutes.

LEVO combi

One wheelchair everywhere, every day

You need power mobility but you want a customised chair that fits into your everyday life and environment. Welcome to the LEVO combi mid-wheel power base: a design that maximises manoeuvrability, turning radius and overall traction for life's ups and downs. The seating system on the power base is the best combination of seated, stand and recline offered in the industry. You can even transition directly from full recline to full standing – smoothly, securely and

stop anywhere in between. In any position you can engage the world with power mobility – move, turn, reverse – all while in any of the multiple and customised seating positions that you choose for your chair. The LEVO combi easily manoeuvres within your home, your work. Indoors, outdoors, all while ensuring stability, safety, multiple seating and standing positions to enhance and extend quality of life.

Back and knee adjustment to reduce shear

Intelligent control system of PG-Drive Technology

Smallest turning circle thanks to the centre wheel drive

Seating/Standing

- Precisely engineered chair design for exceptionally smooth and low shear transition between all standing and seating functions
- Standing, seat- and back angle adjustment, seat lift, tilt, recline
- Customised match to individual body mechanics and chair design
- Numerous health benefits because of more frequent standing

Power base

- Compact size and weight with excellent power manoeuvrability, response and traction
- Centre wheel drive provides for the smallest turning circle (43 in)
- Stable and safe driving in seated or standing position (automatic program for controlled standing speed.)
- Safely and effectively climbs and descends ramps up to 12°
- Multiple programming options for maximum choice
- Whisper quiet drive and seating operation

Use the LEVO combi everywhere, every day
