Get Vertical

LSC

LSC KID

AVAILABLE IN BOTH AN ADULT AND A CHILD'S MODEL, THE LIFESTAND LSC is a compact stand-up power wheelchair with finely honed features that help to reduce the bulk of the chair and actually emulate human posture.

The LSC may be driven from either a seated or a standing position. Plus, the powerful motors of the LSC make it easy to drive outdoors, while the aluminum chassis provides maximum stability. The large front castors also help clear obstacles without difficulty.

As with all LifeStand chairs, the LSC features armrests, knee supports and a chest belt to ensure comfort and safety, all the while offering an array of health benefits such as: better muscle tone and strengthened bones, improved circulation and digestion as well as reduced spasticity.

GET VERTICAL – Glide your way smoothly and easily to a comfortable and secure standing position in this attractive and transportable stand-up wheelchair.

Joystick for controlling all power functions

Power recline

Central safety lock prevents accidental opening

Independent flip-up footplates available on the LSC Model

Fold-down backrest for easy transporting

LSC

POWER STANDING WHEELCHAIR

Standing in the LSC model is easily accomplished with the power functions of the integrated joystick.

LSC KID

POWER STANDING WHEELCHAIR

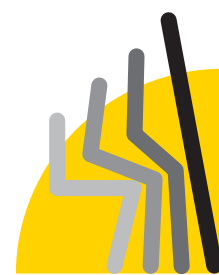

All of the features and functions of the adult model are scaled to provide a perfect fit for any child.

Power recline available on all LSC models

Optional headrest available on LSC and LSC Kid
