THE 2011 TiLite AERO Z SERIES 2. THE ONLY CUSTOM MADE K0005.

INNOVATION.

- **Speedloader** Adjustable Front Caster Housing (patent pending) quickly and accurately adjusts Fork Angle in **1° Increments**.
- Highly Adjustable **Camber Mount** incorporates TiLite's **Tru-Fit System** with up to **3.5"** of Rear Seat **Height Adjustment**.
- **Slipstream** Single-Sided Fork with **Integrated Bumper** (patent pending).
- Our new **Performance 5-Spoke Soft Roll Wheel** weighs just 1.6 ounces, shaving 40% from the weight of the original, 3-Spoke Wheel.

FIT.

When we say **custom**, we mean it. Send us your **personal specifications** and we will build your Aero Z Series 2 entirely from **scratch** - in less than **10 days**.

PERFORMANCE.

Wheelchairs that perform well combine **superb fit** with unparalleled **quality of construction** and the right blend of **options**. You owe it to yourself to experience the super smooth ride of a custom-built wheelchair that **fits perfectly**. It will perform as well in 5 years as it does today.

STYLE.

Thanks to its upgrades, like the **radiused** caster arm, **Speedloader** caster housing, **Slipstream** forks, and highly adjustable **camber mounts** developed for ZRA Series 2, the new **Aero Z Series 2** excites aesthetically as well as technologically.

CHOICE MATTERS.

TiLite always focuses on three pillars of design: **Function, Materials** and **Aesthetics**. We understand how these pillars interact and work in harmony to create a superior chair. Because we know that **choice matters**, within each of these pillars we provide as many **options** as possible so that the choice rests with you. Our goal will always be to build the **best** possible manual mobility. We will never settle for less. Will you?
