

ZR
SERIES 2

THE TILITE ZR. OUT RUN (L)IMITATIONS.

WHY TITANIUM?

Reason No. 1: Titanium Absorbs Vibration.

Reason No. 2: Titanium Won't Break.

Reason No. 3: Titanium has the Highest Strength-to-Weight Ratio of Any Metal on Earth.

TILITE INNOVATION.

- The Z's 1.25" Mono-Tube frame is **20% lighter** than its predecessor but retains titanium's **44% strength advantage** over 7000 series aluminum.
- **Bullet** caster housing reduces weight and gives the ZR a stylish look.
- **SlipStream** Single-Sided Fork with integrated bumper (patent pending).
- **Performance 5-Spoke Soft Roll Wheel** weighs just 1.6 ounces, 40% lighter than the original 3-Spoke Wheel.
- **TiShaft** back release bar makes folding and unfolding the backrest easy from any angle.

TIFIT IS EXCLUSIVELY OFFERED BY TILITE.

The difference between a TiFit chair and all other chairs is that a TiFit chair is tailored specifically to you: Every frame is made to measure. No tube is cut, bent, or welded until our skilled fabricators have a full-scale drawing of your chair based on your exact measurements. Only TiLite offers TiFit. The optimal fit of a TiFit chair brings unparalleled performance and function. You will feel the difference in everything you do.

CUSTOM CONFIGURATION THE TILITE WAY.

Custom configuration is when you are able to select options and components on a chair to meet your needs. While other companies offer some custom configuration, TiLite offers the widest range of options from which to choose. More choices mean more ability to truly create a custom configuration of options that best meets your needs. Choice matters and that is why TiLite offers more options than any other manufacturer! The choice is yours.
